Alumni Testimonials

I earned my Bachelor's degree in 1988 and have pursued various professions, ranging from teacher, hotel manager, social worker, NGO activist, and politician (serving three legislative terms) to regional government executive. After an eight-year break, in 2023 I was given the opportunity to continue my Master's studies through the online learning program of STIESIA Surabaya for the people of Flores. At first, I had doubts, but encouragement from Mr. Sabinus Nabu motivated me, assuring that a Master's degree would be an added value. Today, I truly appreciate STIESIA for successfully delivering a structured distance-learning program without compromising the academic quality, moral values, and ethics of its graduates.

Drs. Alexander Longginus, MM

Regent of Sikka, East Nusa Tenggara, Indonesia.
Term of Office: 2003–2008

Pursuing a Master of Management degree at STIESIA Surabaya offers an exceptional range of benefits, both direct and indirect. This program provides strong support for career development, especially for those aiming to advance in leadership roles, team management, or strategic decision-making.

Dewa Ayu Karina Asokawati, S.E., M.M

Secretariat of the Regional House of Representatives (DPRD)
of East Java Province

STIESIA offers excellent teaching quality with competent lecturers, modern facilities, and efficient administrative processes, creating an optimal learning experience. The positive experiences I had during both my undergraduate and graduate studies further strengthened my decision to remain loyal to this institution. STIESIA truly supports academic and professional development toward a better future.

Andri Chrystanto, S.T., M.M

Director of Fleet & Operations, PT Dharma Dwipa Utama
Pioneer Vessel Fleet
